What is the RAE?

The RAEs are responsible for the health and cost outcomes for members in their region, as well as:

- Developing a contracted statewide network of behavioral health providers,
- Administering the Department's capitated behavioral health benefit,

Facility Rosters

Facility Rosters

Facilities that would like to add or remove providers must send a facility roster. We do not credential the individual providers at a facility.

The roster form can be found:

<https://www.healthcoloradorae.com/providers/forms-templates/>

Or

<https://www.northeasthealthpartners.org/providers/forms-templates/>

You will need to submit one roster for each service location.

Please send rosters to: coproviderrelations@beaconhealthoptions.com

Facility Rosters

The information on the facility rosters is critical to ensure that our member receive accurate information and referrals, but it is also crucial for claims processing. If we can't match a provider to a facility this will cause claim denials.

Please make sure that ALL fields are complete and accurate for all providers.

Only include providers that you are *adding* or *removing* not your entire roster.

All providers MUST have Medicaid ID, Taxonomy, Specialty, and Effective included. If these are not included your roster will be returned to you for correction.

The preferred method is that you submit your completed roster(s) for each service location using ProviderConnect (provider portal).

However, if you are unable to upload your roster via ProviderConnect, please submit your completed roster to: coproviderrelations@beaconhealthoptions.com
