June RAE Roundtable

June 10, 2022

What is the RAE?

The RAEs are responsible for the health and cost outcomes for members in their region, as well as:

- Developing a network of Primary Care Medical Providers (PCMPs) to serve as medical home providers for their members,
- Developing a contracted statewide network of behavioral health providers,
- Administering the Department's capitated behavioral health benefit,
- Onboarding and activating members,
- Promoting the enrolled population's health and functioning, and
- Coordinating care across disparate providers, social, educational, justice, and other community agencies to address complex member needs that span multiple agencies and jurisdictions.
