What is the RAE?

The RAEs are responsible for the health and cost outcomes for members in their region, as well as:

• Developing a contracted statewide network of behavioral health providers,

• Administering the Department’s capitated behavioral health benefit,

• Onboarding and activating members,

• Promoting the enrolled population’s health and functioning, and

• Coordinating care across disparate providers, social, educational, justice, and other community agencies to address complex member needs that span multiple agencies and jurisdictions.
