September Provider Support Call

9/9/2022
What is the RAE?

The RAES are responsible for the health and cost outcomes for members in their region, as well as:

• Developing a network of Primary Care Medical Providers (PCMPs) to serve as medical home providers for their members,

• Developing a contracted statewide network of behavioral health providers,

• Administering the Department’s capitated behavioral health benefit,

• Onboarding and activating members,

• Promoting the enrolled population’s health and functioning, and

• Coordinating care across disparate providers, social, educational, justice, and other community agencies to address complex member needs that span multiple agencies and jurisdictions.
What is a RAE Roundtable?

This is a monthly meeting where we share updates, provide information, training, and welcome your questions and discussion.

Feel free to share this invitation with colleagues who may also have an interest in attending.
